Mike Gallop and **Ed Giraud** serve as WSDOT Construction Representatives for Construction Administration of Developer and Local Agency Roadway Improvement Projects on State right-of-way. Mike's area of responsibility include Snohomish, Skagit, Island, and Whatcom Counties while Ed covers King County.

Mike and Ed's duties include the following:

- Conducts routine project site inspections to assure contractor compliance with WSDOT Standard Plans and Specifications.
- Approves/rejects the Contractor's Request for Approval of Materials Sources (RAMS).
- Conducts Pre-Construction Conferences and represents WSDOT in other meetings with Developers, Local Agency Officials, Contractors, Utility Companies, and others regarding construction within the State right-of-way.
- Provides guidance to Developers, Local Agencies, and their Contractors for the satisfactory completion of their construction project.
- Coordinates the activities of other WSDOT Specialists for Developer and Local Agency Construction Projects.
- Coordinates the functions of Consultant Design Engineers, Private Geo-technical Engineers, Private Materials Lab Technicians, and Survey Parties.
- Conducts Final Project Inspections to determine that projects are satisfactorily completed, then grants Final Acceptance and Surety Bond Release.
